

**F.No. 1(5)/2016-TD (Vol-I)**

Government of India  
Ministry of Steel  
Technical Division

Udyog Bhawan, New Delhi-110107  
Dated 4<sup>th</sup> December, 2017

**Subject: Implementation of Quality Control Order on tin plate.**

Dear Sir,

This is regarding the implementation of Quality Control Order on Cold reduced Electrolytic tin plate steel (**IS 1993**).

In this connection, it is informed that the current proposal is for issue of quality control order on tin plate steel sheets used for packaging of food products, food additives, drugs and medicines only. Therefore, tinplate usages for non critical applications are proposed to be kept out of the purview of the proposed Quality Control Order.

It is also informed that the draft order for the electrolytic tinplate will be placed on the Ministry of Steel website shortly. The final decision on the issue of the order would be taken after examination of the representations received.
